Objective

Software developer with a focus on backend development, data structures and servers. Seeking a Software internship to create exceptional user experiences and solve intricate challenges.

Education

Coding Boot Camp Certificate: Web development

The University of Texas at Austin | Austin, TX | Graduated September 2022 |

Experience

Sales Associate Team Leader | Lowes Home Improvement | Austin, Texas   **June 2021 – Dec 2022**

- Trained and developed new sales team associates in products, selling techniques, and company procedures.

- Maintained customer satisfaction with quick and professional handling of product returns.

- Trained and developed new hires in company processes, product knowledge, customer service, and selling techniques.

- Engaged with customers to effectively build rapport and lasting relationships.

Lead Backend Developer | Barkr Project |

Collaborated With a Group of Classmates To develop a Reddit clone website where dog lovers could communicate and form a community.

My role and contributions:

- Used Sequalize to make a custom and unique database that was quick and efficient

- Made API routes for different pages of the website

Lead Developer |Fight Storm|

Followed a html game tutorial and added my own custom code to make it multiplayer.

-used socket.io to make a connection between two computers

-Made a custom UI with animations
